TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE

[L. S.]

*To the Inhabitants of the Town of Bow in the County of
Merrimack in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town House in said Bow, on Tuesday, the 10th day of March next, at 10 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see what sum of money the town will raise and appropriate for repairs of highways and bridges in addition to amount required by law.
4. To see if the town will accept state aid on highways.
5. To see if the town will vote to raise such amounts as recommended by New Hampshire Highway Department.
6. To see if the town will raise \$558 for electric lights.
7. To see if the town will vote to extend electric lighting and raise and appropriate money for same.
8. To see what sum of money the town will raise and appropriate for Old Home Day.
9. To see if the town will raise and appropriate \$250 for painting and repair of Town House.
10. To transact any other business that may come before said meeting.

Given under our hands and seal, this 20th day of February, in the year of our Lord nineteen hundred and twenty-five.

FRANK E. COLBY,
FRED J. SHEDD,
ARTHUR M. CASE,
Selectmen of Bow.

A true copy of Warrant—Attest:

FRANK E. COLBY,
FRED J. SHEDD,
ARTHUR M. CASE,
Selectmen of Bow.

REPORT OF MEDICAL OFFICER FOR SCHOOL
YEAR ENDING JANUARY 31, 1924.

Jan. 31, 1925.

Mr. H. S. Roberts, Supt.,

DEAR SIR:

Below is submitted the report of medical inspection in the schools of Bow for 1923-24:

Number examined,	80
Defective vision,	7
Anaemia,	1
Cardiac disease,	3
Pulmonary disease,	2
Defective teeth,	41
Diseased tonsils,	35
Adenoids,	25
Unvaccinated,	1

This report is satisfactory, in that the few pupils who have had tonsil and adenoid attention since the last report have shown such improvement.

We sincerely hope that every year parents will realize more fully the absolute necessity of caring for these conditions.

Respectfully submitted,

BENJ. L. FREEMAN.

October 12	Memorial Day
February 22	Institute Days

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the School Board and Citizens:

I herewith submit my fifth annual report of the schools of Bow.

There were maintained during the year, six schools for a school year of 36 weeks with no change in the teaching force.

The school enrollment was 101 (55 boys and 46 girls), with a daily average attendance of 93 per cent, making a gain of 3 per cent from last year.

The schools were in session on an average 343.5 half days, showing a gain over last year of 4 half days. This is an excellent record, for which the teachers deserve great credit.

These improvements lead us to hope that an average daily attendance of 96 per cent, and yearly average sessions of 344 half days, will soon be attained.

The schools are in a wholesome condition, being well supplied with text-books, scholars' supplies and other equipment.

The school buildings, through the effort of the school board, have been greatly improved. The new school buildings which were erected at the Center last Summer were well planned, sanitary, and properly lighted. This improvement will add efficiency and advancement in school work.

The school at the Mills is somewhat overcrowded, there being enrolled there 42 pupils in eight grades, taught by one teacher. With the addition of another room and teacher excellent results could be obtained. The proximity of this school to Concord, together with the fact that there are excellent building lots for sale at a reasonable price, makes it fair to presume that this section will increase in number of residents.

The school-home is an important factor in the education of the child and should leave a lasting impression upon the mind for good character and citizenship. The school building should be sanitary, comfortable, well lighted, ventilated

and heated and located on a lot large enough to afford wholesome health exercises and games.

To secure these benefits it is necessary to have the active coöperation of the citizens, especially at the annual District Meeting, when the appropriations are made.

The expenditures for the support and maintenance of schools have increased, but in no greater ratio than personal, business and other public expenditures.

HEALTH INSPECTION.

Health inspection has been conducted yearly, defects noted and cards sent to the parents telling them of these defects and urging remedial treatment. A few of the parents have heeded this advice and had these defects corrected, benefiting the child both as to health and to learning ability. The greater number of parents apparently pay no attention to these cards, as the pupils return with adenoids, decayed teeth and enlarged tonsils.

If the danger of these defects to the child's physical and mental welfare is understood by the parents, it would seem that they would seek proper medical treatment.

Adenoids and bad tonsils are sources of dangerous diseases and are directly responsible for the backwardness of many pupils.

Many children have defective vision, which the medical inspector notes on the cards. Parents should be anxious to provide properly fitted glasses for such, as eyestrain causes headaches and affects the nervous system and general health of the child. Of 432,000 school children who were examined in one of the New England states, more than one in five had defective vision.

TEACHERS' MEETINGS.

The teachers' meetings held during the year have been well attended. At one meeting Commissioner E. W. Butterfield gave his interesting lecture on "The Law of Heredity." At another Superintendent Morris of Man-

chester and Assistant Superintendent Walker of Concord talked on the Standardized Tests.

Both speakers interested and instructed the teachers. Their talks were especially helpful at that time, as the teachers were about to use the Curtis Standard Practice Tests in Arithmetic.

I have found the teachers industrious and working for the best interest of the pupils.

REPORT CARDS.

I would urge the parents to examine carefully the report cards brought home by their children and to confer with the teacher upon any item on the card not understood. These cards are a record of the child's attendance, conduct, effort and scholarship.

Parents and citizens are cordially invited to visit the schools frequently, that they may get an accurate knowledge of the work of the schoolroom.

In conclusion I express my appreciation for your coöperation and assistance.

Respectfully submitted,

HENRY S. ROBERTS.
